

MATH 101 – 2 — CALCULUS I

Semester : Fall 2026

Instructor : Ali Sinan Sertöz

Office : SA-121 **Phone:** 1490

Email : sertoz@bilkent.edu.tr

Homepage : <https://sertoz.bilkent.edu.tr/>

Office hours : *by appointment*

Course webpage : <http://moodle.bilkent.edu.tr/2026-2027-fall/>

Exams & Grading :

- **Midterm 1** (28%) November 7 Saturday 10:00-11:40
- **Midterm 2** (28%) December 5 Saturday 10:00-11:40
- **Final Exam** (28%) [date and time to be announced later]
- **Homework** (16%)

Course schedule :

Tuesday	10:30–12:20	Room B-105
Thursday	15:30–17:20	Room B-105

Textbook : Stewart, *Calculus, Metric Version, 9th Edition*, (Cengage, 2020)

Week		Subject	MT
#1	Sep 16–18	Limits (1.4)	
#2	Sep 21–25	Limits (1.5, 1.6)	
#3	Sep 28–Oct 2	Continuity (1.8)	
#4	Oct 5–9	Derivatives (2.1, 2.2, 2.3)	
#5	Oct 12–16	Derivatives (2.4, 2.5, 2.6, 2.7)	
#6	Oct 19–23	Applications of Differentiation (2.8, 2.9, 3.1)	
#7	Oct 26–27	Applications of Differentiation (3.2)	
#8	Nov 2–6	Applications of Differentiation (3.3, 3.4, 3.5)	
#9	Nov 9–13	Integrals (3.6, 3.7, 3.9, 4.1, 4.2)	
#10	Nov 16–20	Integrals (5.5, 4.3, 4.4)	
#11	Nov 23–27	Applications of Integration (4.5, 9.3, 5.1, 5.2)	
#12	Nov 30–Dec 4	Transcendental Functions (5.3, 6.1, 6.2*, 6.3*)	
#13	Dec 7–11	Transcendental Functions (6.4*, 6.8, 6.6)	
#14	Dec 14–18	Techniques of Integration (7.1, 7.8)	
#15	Dec 21–25	Techniques of Integration (7.2, 7.3, 7.4, 7.5, 7.6)	

Grade Policy:

[This space is intentionally left blank.]

FZ Policy:

- Any student whose sum of *Midterm 1* and *Midterm 2* scores is less than 40 points (out of 200) earns an FZ grade and cannot enter the *Final Exam*.

Exam Policy:

- This course has a long and detailed list of *Exam Rules* which can be found on *Moodle*.

It is crucial that the students carefully study these rules, as the exam scores in this course are not determined solely by what is on their exam booklets, but also by how they behave during the exam.

Homework Policy:

- The homework is assigned through and graded by *WebAssign*.
- A valid registration code, which is sold by the *Meteksan Bookstore* (with or without a hardcopy of the textbook), is required to access *WebAssign*.
- The class key for this course is *bilkent.tr 3003 7357*.
- Registering in and using *WebAssign* correctly and properly is part of the homework.
- Students must use their *Bilkent Student ID Number* as their *Student ID Number* when creating a *WebAssign* account, and enroll in the *WebAssign* course only through one account. Otherwise, their homework score on STARS will be zero irrespective of what their *WebAssign* scores are.

Make-up Policy:

- Students who miss a midterm and who have a medical report or a special permission on STARS are allowed to enter a make-up exam. The make-up exam takes place during the last week of classes and covers the entire syllabus.
- There is no make-up for homework. All homework assignments contribute equally to the course total.

Reassessment Policy:

- The reassessment policy for the exams is stated and explained in the *Exam Rules* document.
- There is no reassessment for the homework assignments, which are graded by the symbolic computation software of *WebAssign*.

GenAI Policy:

- Outside the classrooms and exam places, the students are allowed to use all means available to them, including GenAI tools. This in particular applies to homework assignments.

Attendance Policy:

- A student's classroom attendance record does not directly affect the student's course grade in this course.
- However, attendance will be taken during the lectures and entered to STARS both as required by the University rules and also for statistical purposes.
- Also all students must be aware that the other units of the University to which they are answerable might have different attendance requirements for the courses they enroll in, and act accordingly.

Classroom Policy:

- **You must be in the classroom before the lecture starts and stay for the entire duration of the lecture.** The instructor might not let the latecomers in.
- **You must turn off all your electronic equipment before the lecture starts.** In particular, phones, tablets, laptops, earphones must be turned off and put away or should not be brought to classroom at all.
- **You must avoid all activities that are better performed elsewhere, including talking to your classmates, during the lecture.**
- If you fail to act according to these classroom policies, you will be asked to leave.
